Basic | A1

## About me

Hi, my name is Dries Albert, I am a motivated graphic designer originally from Hasselt, Belgium, graduated from PXL-Digital. I combine creativity with strong social and communication skills, shaped in part by my experience as a Scouts leader for over +5 years. Known for being responsible, respectful, and solution-oriented, I enjoy tackling challenges and collaborating with others. Outside of design, I'm passionate about nature/hiking, and spending time with friends and family.
